By: Amunnubi Raakhptah

The faculty of attention, just how important is attention, when not paying attention, or focusing on your goals can be very deadly to you. It is important that in every day situations, one should develop the faculty of attention. Concentration itself is a narrowing of the field of attention. Your entire attention is thrown into whatever is being done. The individual becomes lost in the job at hand.

One must concentrate on the work and rigorously shut out all other thoughts. No work can be done successfully without calmness and concentration. In this way the mind becomes one-pointed. Failure is a stranger to work, done with perfect attention. When one sits for meditation, there should be no thought of job related work. When doing job related work, household chores never should enter the mind. In training the mind to

attend only to the work at hand, a person with an agreeable concentration can accomplish a task in half the time.

In The Mind Book Scroll 10, verses (9-14) where it says: *"when I work I should be as the strings as a guitar through whose soul the silence of the moment becomes harmonious. 10) which of you would be likened unto a leaf who plays when the wind blows when all else sings together harmoniously?. 11) I never want to see work as a curse of misfortune for being disobedient. I say to you when you work then fulfill a part of the distant dream of nature, 12) the birth of that dream was the gift unto you. 13) and you who truly loves life will forever reside in labor; if you truly love. 14) Thus through labor you loveth life. For it is why you were procreated, through labor the intimacy of life innermost secrets will manifest."*

It is easy to pay attention to what is pleasant, for the mind

*"Learn to develop
your attention
span. Attention
is the only way you
can accomplish
your goals
in life...."*

*-Neter: Amunnubi

is naturally attracted to what pleases it. A beneficial exercise is to fix the attention on unpleasant task, from which one may have previously shrunk. Under scrutiny, they become interesting, interest reduces the unpleasantness. Its very nice to be important. However it's more important to be nice. ✨

of your soul.....*

Magical eye of Ra sees all...

The eye, **Pa Utchat or wadjat.** The

containing controversy surrounding events at the Giza Plateau has recently taken a new twist, the *Magical Eye* has been involved with documenting the discoveries made by a number of research teams in Egypt, during the last ten years. Just what is the mystery behind the magical eye? All throughout the television industry it is not too Surprising to find out that the magical eye of Egypt is being used as an icon (listen to the phonetics of the word I-Con) as their logos. Various television companies like **Home Box Office HBO** (Figure 1), who Followed **CBS's** (Figure 2) lead and incorporated the Egyptian "eye", which symbolizes the deity Ra or "Re", the sun deity, as its logo.

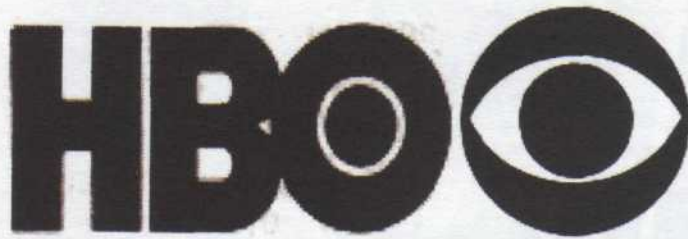

Figure .1 & .2 HBO, Home Box Office cable logo & the logo for CBS

This symbol represents "the Left eye of Haru (Horus)" and "the Right eye of Asaru (Osiris)" as the deity Re (Ra), and also called the **Pa Utchat or Wadjat**, which means "sound" or "whole". The Wadjat was seen as a potent amulet, and worn as protective jewelry. One of the hidden mysteries of this sacred eye was called **Usa**, in the Egyptian language. The rising sun is the "All Seeing Eye", or the **Iris** (Figure 3) of the eye which is the round, colored, shrinkable membrane of the human eye; also note that the Greek goddess of the rainbow is the messenger of the gods, named **Iris**, and that's where the word iris came

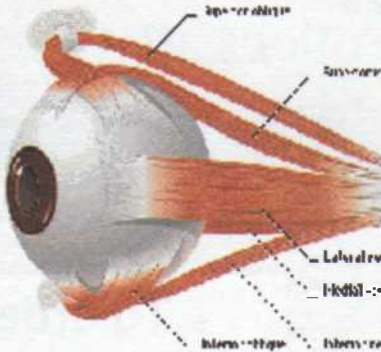

Figure .3
The human eye, and the Iris

from. Again they take it back to Ancient Egypt which is the deity ray as in the sun rays which is written as **Re** and is also found as **Ra**.

As you can see ancient languages are the key and they stem from ancient Egypt like the **Hebrew language** which came from **Aramaic** and the **Arabic** which came from **Syretic** as found in the Hebrew Torah or Bible, **Genesis 10:22**. And then both **Aramaic and Syretic "Ashuric"** came from the **Phoenician Babylonian** language.

Accadian and Chaldean, both come from **Ugarit**, which came from the **Hieratic and Demotic language** of ancient Egypt. Again, stemming from our mother land, Egypt.

The Babylonian tablets of **Hammurabi** (Figure 4) shows this Babylonian worshipping in his language, Cuneiform. The deity **Shamash** is the sun deity, note that the Hebrew word used is also the word **Shamesh** for sun. In Arabic, they use the word **Shamsa**. Anyone can see that the Hebrew and Arabic word for sun, was borrowed from the Babylonian language of Cuneiform. This is indisputable proof that they retained the sun god in their religious languages, as found in **Genesis 15:12** and a whole chapter of the **Qura'an 91** named **Ash Shams** meaning **The Sun**. Muslims, Jews, and even Christians worship the sun (Figure 5). The Jewish star is symbolic of the sun, and the Muslims star and crescent is the sun and moon. The **Halo** around the head of Jesus symbolizes the ring of Saturn and the word "**Helo**" is the Greek word for sun, also you see the cross with the sun.

Figure .4
The Code of Hammurabi

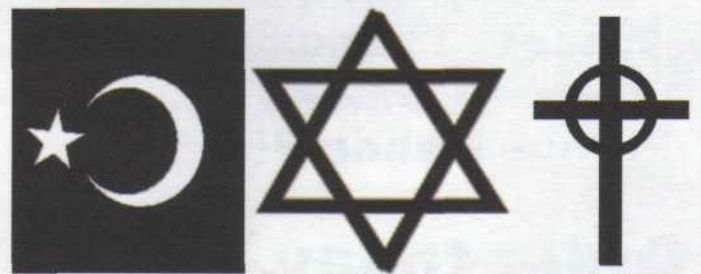

Diagram showing Examples of how the Muslims, Jews, and Christians worship the sun

figure .4
Jesus with Halo around his head, also which really represents the sun.

Figure . 5
The crown of Thorns is the ring of fire the Halo.

Note, that in **Matthew 14:23**, the halo is symbolic of the evening sun when it comes up. The sun start's down behind the water, then it proceeds to walk across the water in the morning; this is symbolic of god walking across the Water. Jesus, who is also referred to as the early morning star, is always dressed in red and blue. The red is the sun, and blue is the Water. The crown of **Thorns** worn by **Jesus** is the ring of fire the **Halo**, as a sun is eclipsed you see a ring of fire. And as the appearance of the setting of the sun, god walks away. The sun goes away and comes back.

The Halo on Jesus's head, as depicted by the Christians, Symbolizes the rings of **Anshar**, Saturn, as bright as the sun or the 'sol' of the solar **System**. when the sun of god died with the crown of the thorns on his head, the crown of thorns was symbolic of the sun's rays, as the "**black as night**" fez with the ankh, "**thekey to eternal life**" this is indeed a symbol of a new person being born again.

The Egyptian sun deity **Ra** is also found in the Bible as **El Roi** used by the patriarchs of the three monotheistic religions. In **Genesis 16:13**, Abraham's second wife, **Hagar** called on the deity **Ra** as **El Roi** "...unto her thou god seeth me..". **Hagar** was Egyptian by birth, being the daughter of the pharaoh **Imhotep**, and a worshipper of the deity **Ra**.

The word for god is **El** and "that seeth" is **Roi**.. **El Roi** is another way of saying **Ra**. The Egyptian word **El Roi**, as found in **Genesis 16:13**. So "**Roi**" was not being used as a verb but as a name or noun. Again note in **Proverbs 20:12** "The hearing ear, and the seeing eye [the word for seeing in Hebrew according to Strong's Hebrew Lexicon #07200 is the word **ra'ah** to see, as the word **Ra** the Egyptian deity], the LORD hath made even both of them". Also in **Ecclesiastes 1:8** "All things are full of labor; man cannot utter it: the eye is not satisfied with seeing [and the same word and number

07200 is used in this quote **ra'ah**], nor the ear filled with hearing."

The word **Ra** represents "**The Seer**" as in to see. This is the same Arabic word **Ra'a** (رأى) "**seeing**" that is used in the Arabic Muslims **Qura'an**, where it is translated as:

يَرى	الله	بأن	يعلم	ألم
Ya- RA Seeing	Allah God is	Bianna that	Ya'lam He know	alam Does not
Arabic is written and read from right to left.				

The word used in **Qura'an 96:14** **يرأى Ya'ra** (Seeing) comes from the root word **راى Ra'a** which means 'to see'. Remember, all Muslims will say that the original Torah or Old Testament, was inspired by the same god **Allah**, who inspired the **Qura'an 2:136**.

So the use of **Ra** or **Roi**, is the same, which is the Egyptian deity **Ra** "Re". This eye is on the back of every U.S.A dollar bill today (**Figure 6**) Note that the initials U.S.A and the Egyptian word for the eye is **Usa** are the same.

This is not a coincidence secret societies such as the freemasons designed the code of the dollar bill and they take their roots back to the Egyptian mysteries of **Ra's** eye. This is the eye that you trust, or "in god we trust" we say. The laws of your country are based on the dollar bill and people all are ordered to live by it. People steal and kill, in the name of the Egyptian Deity, **Ra**, and even end their prayer with the first part of his name **Amen** which became **Amen -Re**, it is also found in the New Testament, the **Book of Revelation**. Just take a look in your Bible in **Revelation 3:14** which reads "And unto the angel of the church of the **Laodiceans** write; These things saith the **AMEN**, the faithful and true witness, the beginning of the creation of God". Note that the deity is being called, **The Amen**, used as a noun and a name. Again you see the Bible refers to the creation of god as **The Amen**, the Egyptian deity **Amen Ra (Amun Re)** one of the trinity or triad deities of **Egypt** the other two being **Atun-Re** and **Atum-Re** from whence they get the trinity, or in the case of Islam 1. **Allah** 2. **Al Rahman** 3. **Al Rahim** the Islamic trinity, and in Hebrew 1. **Eloheem**, 2. **Jehovah** and 3. **Adonai**, the trinity. The **Columbia Broadcasting System (CBS)** used a reserved version of "**the eye of Horus**" on their Television stations for many years. As late as 1991 A.D., the eye was used in an Equilateral triangle as a backdrop during their station identification breaks. For the last Several years in some areas, the CBS local news broadcasts have been referred to as "Eyewitness News".

And now almost every news station uses *Eyewitness News Briefs*. According to CBS inc. Since **1952 A.D.**, the television network has been the world's largest Medical publisher and the symbol used to abbreviate medicine prescription is "**Rx**" which is Also a symbol of the "**right eye of Haru (Horus)**".

Which eye is really being used today by many ?

Many Wonder if the two eyes symbolized the two heavenly bodies (**Figure 7**), The sun and the moon, with the right eye being the sun and the left eye being the Moon.

Figure. 8 This is where the eye on every label or logo originated from, Egypt!

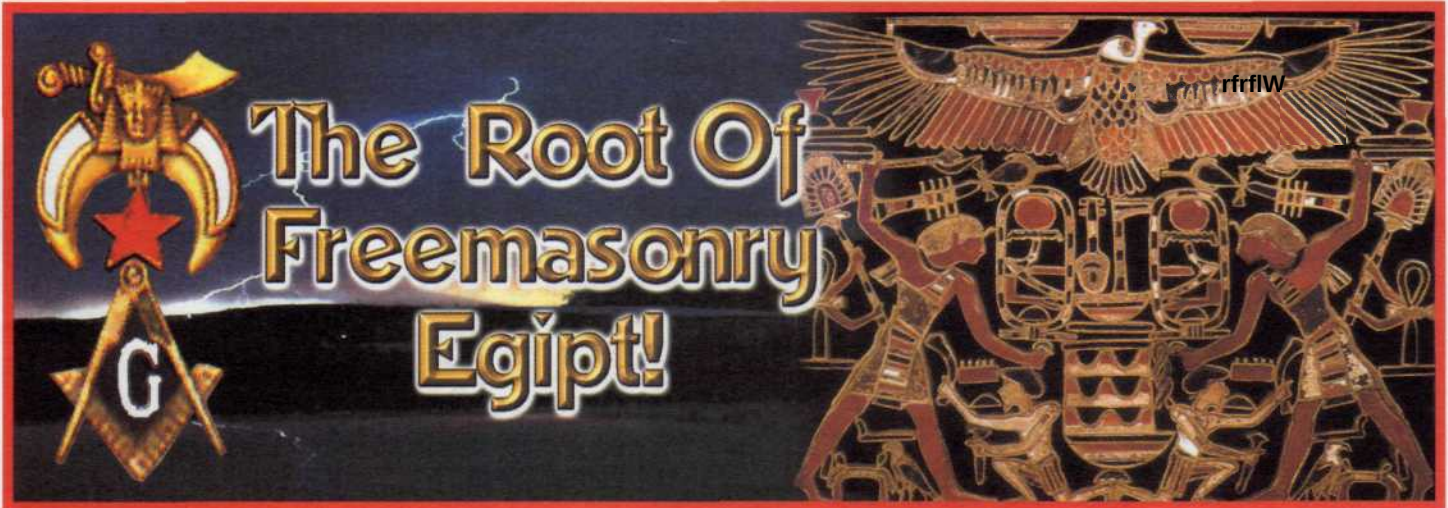

The right eye is really symbolic of Re sometimes spelled Ra and mispronounced as "Rah", when it is actually referring to the rays of the sun. The eye is called **Ra** Meaning "*The Seer.*" It is the eye of **Haru (Horus)**, the right eye, that is symbolic of the Sun, and it is also written in **Revelation 22:16**, stating Jesus is the morning star "*I Jesus have sent mine angel to testify unto you these things in the churches. I am the root and the offspring of David, and the bright and morning star.*"

The morning star is the sun, and The eye of Haru (Horus) is known as the early morning star, which is symbolic of the sun on the cross. It was this eye that was lost to **Sutukh (Set) (Harus')** uncle, due to a terrible battle between the two, which became the root of the battle between good and evil of the monotheistic religions. When you look at the back of the dollar bill you see the pyramid, which symbolizes a mountain. And at the top of that Mountain in the capstone there's the eye of **Haru (Horus)** in Hebrew **Har** means "mountain" every Muslim say Muhammad was in a cave in mount **Hira** when he received the light of Islam which is the **Qura'an, Har, Hem** is all the same it's the name of **Haru (Horus, Heru)**. Surrounding the eye of **Haru**

(**Horus, Heru**), there is an emanating light, which symbolizes the light of **Asaru (Usir, Osiris)**, the father of the Son or the sun. It is even written in your Bible in **Malachi 4:2** "*but unto you that fear my name shall the sun of righteousness arise with healing in his wings; and ye shall go forth and grow up as calves of the stall.*"

The magical eye can be seen many places, it is the watchful eye of America today. This is the reason you have organizations like this called: the CIA. (Central Intelligence Agency, the **I.R.S.** (Internal Revenue Service), or the **I.V. H.S.** (Intelligence Vehicle Highway Surveillance). What is a detective called, a private eye! Even the **Greek** name for **Jesus** begins with **Iesous**. It is not a coincidence that the letter "**T**" is the ninth letter in the English alphabet the first person which a singular "you". You can tell the connection with the woolly-haired nine either beings from Egypt. Egypt is the light of the world. Today, take a look in the New Testament in **Acts 26:18** "*to open their eyes, and to turn them from darkness to light, and from the power of Satan unto god, that they may receive forgiveness of sins, and inheritance among them which are sanctified by faith that is in me.*" And in **Revelation 11:8** "*...the great new city of Babylon: America which being called a spiritual Sodom, and Egypt...*"

Everyone all over America is worshipping the dollar bill, the eye of **Haru (Horus)** as Ra, who is the light of the world today. Egypt is truly the source of all religion. Just think about it, if your god really considered the **Egyptians** to be the evil pagans as you have been lead to believe, do you really think he would have sent his only begotten son to Egypt? ☛

Is toe mystery of freemasonry Egiptology?

Many wonder if the freemasons received their teachings from the root of Egypt. According to the "American History Dictionary" the word freemasonry means: 1. The institutions, precepts, and rites of the freemasons. 2. Spontaneous fellowship and sympathy among a number of people. Well in the book "Freemasonry, A Journey Through Ritual And Symbol" written by: W. Kirk MacNulty, on page 66 where he states "this picture of the Masonic aprons goes far in its speculation as to freemasonry's origins nevertheless (Figure 1 & 2), there has been conjecture that freemasonry comes to us directly from Egypt".

Here's another book entitled "Freemasonry Of The Ancient Egyptians" written by: Manley P. Hall where he states "the language of the ancient Egyptians was rediscovered, and that modern interest in the whole subject of Egiptology is largely due to the impulse given to this field of research by the body of learned men whom Napoleon carried with him to Egypt and was published under his patronage a set of massive tomes, magnificently illustrated, setting forth with starting accuracy the art and architecture of the ancient

Egyptian empire. It is now generally accepted that the Rosetta stone furnished the master key to the secret knowledge so effectively concealed beneath the old Egyptian hieroglyphs. But that is not true, it was created as a detour to protect that which is secret. Equipped from the decipherment of this stone, they really thought they had solved it, with the elements of the ancient hieratic alphabet, Egyptologists essayed the task of classifying the literary fragments of this magnificent civilization". What they did not know is that there were many Egyptian dialects and mystery languages, one namely called **Nuwaupic, the ancient Egyptian mystery language**. They want you to think nothing remains of Egypt's ancient glory but crumbling monuments,

Figure .1 The Neter Asaru (Usir, Osiris) in communication with the high grand master disguised in the Ibis mask Tehuti (Thoth). He has just been initiated with a triangular true Masonic apron, which really stems from Egypt. He also grasps the grand Masonic emblem or key of life The Ankh.

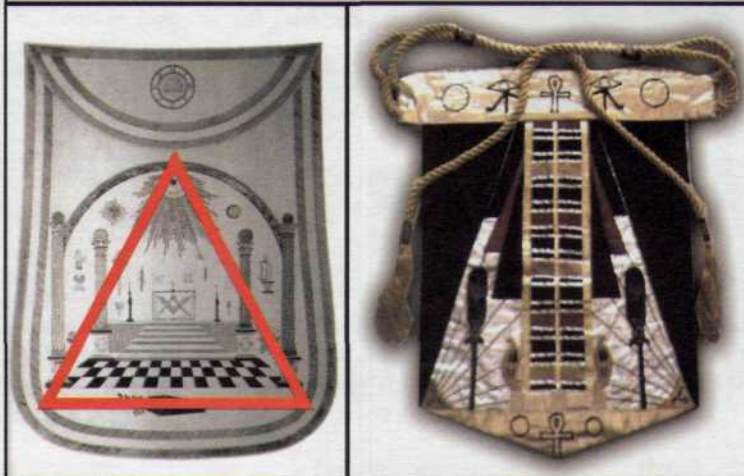

Figure 2. Left, The Masonic apron shaped like the pyramid: the lower part is a square, the bib triangle.

Right, The Ancient Egyptian Order" Apron, This was the original ancient Egyptian apron that was used for the deities initiation. A confirmation that freemasonry came directly from Egypt.

The root of Freemasonry, Egipt!....

battered inscrutable stone faces, that have gazed down upon the Nile for these several thousand years, they are **wrong**. But what they have not given back is answers to the queries of the secret sciences. The how's and why's of the lips of Khem (**Kam** or **Kami** means "**to be black**" **this is where Kham or Ham** who was the son of **Noah** of your bible in **Genesis 5:32**) (**the real Tama-Reans**) are sealed with the dust of time.

An alphabet is not a language, and although much progress has been made in the decipherment of the curious legends which adorn the ancient carvings, the religions and philosophies of the **Egyptians** have not yet been released from the symbolic characters to which they were entrusted, only **The Ancient Egyptian Order** can give you that information. To express the difficulty in the words of a great Egyptologist, the late **Sir P. Le Renouf** wrote: "**The difficulty is not in literally translating the text, but in understanding the meaning which lies concealing beneath familiar words**".

A great part of **Egyptian** literature is cryptic; its true significance is unknown in the Ptolemaic period even to the mixed race of **Egyptians** themselves. You should therefore not be too confident of the accuracy of your translations, realizing that beneath the surface you have lighted with the small ray of our knowledge, which in turn be unfolded.

In the great hall of darkness is a pitch black darkness deeper than **Egypt's** night where the true Deity of all Deities exist. Now look at the **U.S. dollar bill** (**Figure 3**). It is obvious that the mystery of freemasonry comes from **Egipt**. The eye on top of the pyramid is freemasonry. The eye on

the apron shown in **Figure 2** is **Egiptian**. The pyramid has four corner at the base but as it comes up it forms three; the pyramid on the dollar bill shows three perpendicular angles.

These three lines represents the physical, mental, and spiritual. The freemasons believed that nothing grows out of space down from air. Everything grows from out of the ground upwards. Our ancient fathers had this knowledge of the natural world and their sign was the pyramid...this kind of knowledge was known to the people of ancient **Egipt**.

Ancient **Egyptians** built great pyramids and they knew the psychological nature and composition of man. In observing the pyramid on the dollar bill we see the geometrical figures: the square, the circle and the triangle. At the base of the pyramid we find four angles or squares. These four angles or corners symbolically represent the four basic elements of the universe: fire, air, water, and earth (material) (**Figure 4**).

In the ancient mystery system (freemasonry) the candidate was tested by each element during his initiation in order to prove his worth. In the 24th Honorary degree of the true 3rd degree of freemasonry we find this same ceremony. The candidate is tested by fire (a lighted candle is placed to his arm). He is then conducted to the south where a few drops of water is poured upon his head. The base of the pyramid points in the four directions, north east,

Figure .3 Notice the "Square" symbol on the dollar bill inside of apron looking symbol on the dollar bill, so realize the dollar bill that you are carrying is filled with the knowledge of Freemasonry. Which all comes from **Egipt**.

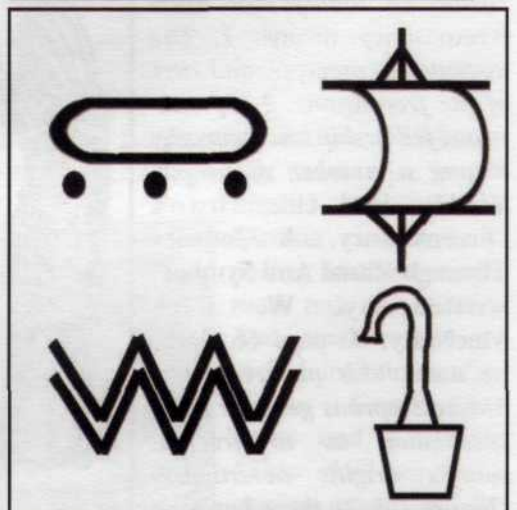

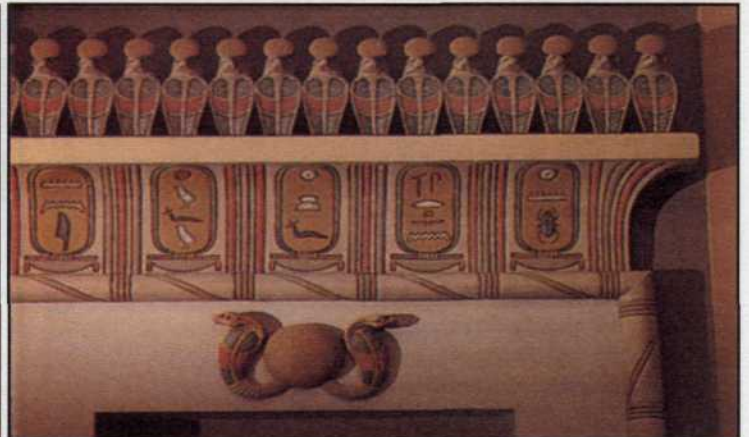

Figure 4. The four elements of nature

This room was thoroughly researched at the metropolitan museum of art at the Philadelphia Masonic Temple, which also has an Egyptian room. It is obvious that Freemasonry came out of **Egipt**.

A Close up, terra cotta colors authentically enhance the sculpted Egyptian symbol and designs which line the room of the Metropolitan Museum of Art at the Philadelphia Masonic Temple.

The root of Freemasonry, Egipt!....

Figure 5 This is the Philadelphia Masonic Temple. Here is another confirmation that Freemasonry originated in Egipt. south and west. Representing the universal constitution of man and various levels of knowledge. This was all rituals that took place in Egipt now you tell me where freemasonry originated from. The Egiptian pyramid that appears on the dollar bill is the **Pyramid Of Khufu (Cheops)** and represents the Egiptian project, still they don't know how we did it. The word pyramid when separated in two, Pyra meaning "in our midst". Thus you get **"Giving order to chaos"**, Which is where the saying on the back of the dollar bill **"NOVUS ORDO SECLORUM"**, Comes from. This is the bondage of the Nuwaubians in America the true Egiptians. 400 years under the Amorites, fourth son of Canaan mention in **Gen 10:16**. These two pictures (Figure 6)

were taken out of the book entitled **"The Craft And Its Symbols"** Written by: **Thomas W. Davis, Pg. 10** this shows the apron presented to Washington by Lafayette. Notice that George Washington is wearing a square as a pendant, which symbolizes morality. The word pyramid means "middle fire" that's why we use the **Jaheez** symbol (Figure 7). Because the Jaheez is the highest symbol in free-

You see the first degree of freemasonry is the entered apprentice, is symbol of Malachi, the son of righteousness, Malachi The masons believed that it keeps them in touch with god, and without all three standards the world would perish.

The fact that there are 32 spears that represents the 32 degree of freemasonry and is proof that the roots of freemasonry again is from ancient Egipt the number 32 is also the latitudinal point of the pyramid of ancient Egipt It is a known fact that most organizations today inherited their information from Egipt and we all are using the methods of the ancient ones today in our everyday life. If you look **carefully**, you should be able to find twenty anachronisms things unknown in ancient Egypt.

(Genesis 16:13). Just think why would Hagar call on the Egyptian deity **El Roi**, or Ra unless her name was changed purposely or she was fabricated from the deity **Netert Hathor**.

To make a long story short the Bible and Qura'an didn't make sense, they were fabricated stories of the Egyptians, like everything else today. Even Abrams name was changed to **Abraham** (Ab 'father' Ra 'the Egyptian Neter Ra' and ham 'kham').

- Ab-
- ra-

Many wonder if the name **Hagar** (הגר) meaning 'Rock' is an Egyptian name. Well the biblical name **Hagar** (which can be found in **Gen: 16:4-6**), note that her name was mentioned 10 times in the bible **Hagar** is not an Egyptian name even though she was an Egyptian, her Egyptian name was **Haqa-Re**. **Hagar** was the Hebrew name used in the bible not **Haqa-Re**. In reality she was the daughter of **I-Em-hotep** (a Pta-hite) (**Figure 1**). Now why would their god not use her real name. **Rameses** was used. The name **Hagar** (הגר) is derived from the Egyptian name **Hat-Hor** or **Hathor**, which is **Hat** meaning 'House' and **Hor** meaning 'on high of Hor or Horus'. **Hathor** was the wife of **Haru** (**Horus**), the falcon headed sky **Neter**, who was the son of **Netert Aset** (**Auset**, **Osiris**) and **Neter** (**Usir**, **Osiris**), making the triad of an-

cient **Tama-Re** from which all other triads originated from. **Hagar** became the Egyptian wife of the Chaldean **Abram** (**Figure 2**) as mentioned in **Genesis 16:3** where **Sarai** 'gave her to her husband **Abram** to be his wife (**Ish-shaw**). and after **Hagar** gave birth to a son called **Ishmael**, **Sarai** (**Figure 3**) became jealous (**Genesis 16:4-6**), forcing **Hagar** to leave to the wilderness where she called upon her Egyptian deity **El Roi** (אל ראי)

- ham

Which means "heart" sun deity-blackness". So you see, everything ties back to Egypt. Every major person in your holy bible and Qura'an was sent to Egypt. **Abraham** was sent to Egypt, **Isaac** was sent to Egypt. **Moses** went to Egypt, **Ishmael** was sent to Egypt, **Joshua**, **Mary** and **Jesus** was sent to Egypt, and by the way **Muhammad's** last wife, who was known as **Mary the Coptic of Egypt**, bore **Muhammad** a son and named him **Ibraheem**, which is basically **Abraham** in the

Arabic language. Even the son of god himself (Jesus) was sent to Egypt because the king at that time Herod was trying to kill him. The Israelites continuously went to Egypt as shown in Genesis 41:53-54, and Genesis 43:1-2.

- Genesis 41:53-54 *"And the seven years of plenteousness, that was in the land of Egypt, were ended. 54 And the seven years of death began to come, according as Joseph had said: and the death was in all lands; but in all the land of Egypt there was bread."*
- Genesis 43:1-2 *"And the famine was sore in the land. 2 And it came to pass, when they had eaten up the corn which they had brought out of Egypt, their father said unto them, Go again, buy us a little food."*
- Genesis 12:10 *"And there was a famine in the land: and Abram went down into Egypt to sojourn there; for the famine was grievous in the land."*

The Egyptian Deity **Hathor** (Hathor/Athyr) (Figure 4) was replaced with a fabricated person named Hagar (Figure 5). Abraham who was a Chaldean from Ur, which were Sumerians and Shinar in your bible, and through out our history the Sumerians are known to be black people, Nuwaupians who traveled in many directions. Not all tribes were invited into Egypt but Abraham as a Sumerian was invited, that is how he was let into Egypt, he was blood related. Yet there are no records in Ancient Egypt that Abraham, Isaac, or Moses ever existed. In the book Encyclopedia Of The Bible, New revised edition copyright 1986 pg. 42 it clearly states as follows: **The Israelites and ancestors**

Archaeology provides no direct evidence relating to the story of the Israelites and their ancestors until the people occupied their Promised Land. Abraham, Isaac, Jacob and his sons

Figure .4
The Netert Hat-hor (Hathor)

Figure .5
Hagar the 2nd wife of Abraham

lived most of their lives in tents. Although they may have been rich and powerful, such a way of life leaves little for the archaeologist to recover.

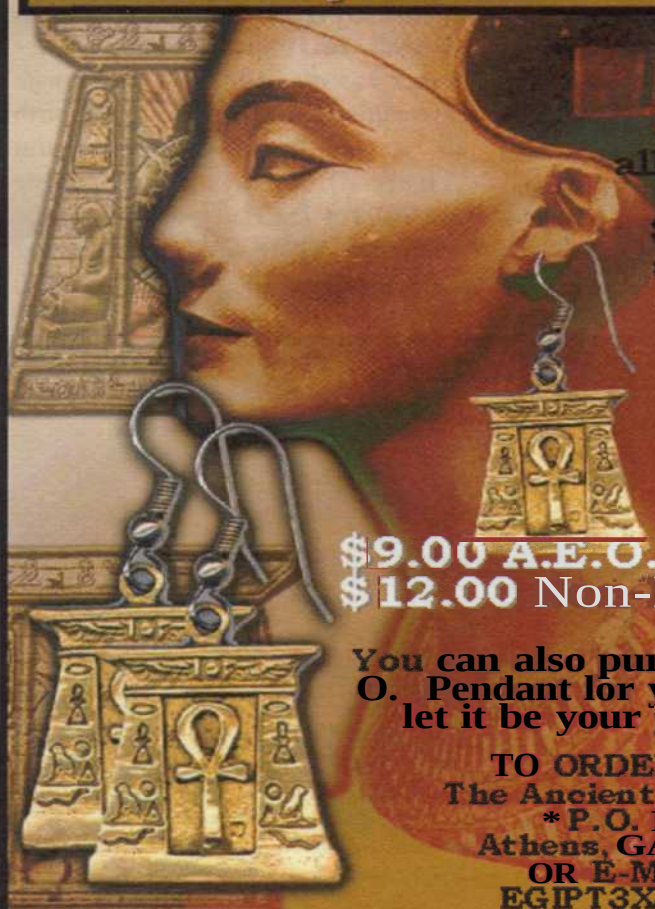

Abraham and his early descendants had dealings with the rulers

of Canaanite cities and with the pharaohs of Egypt. But it would be extraordinary to find their names in the records of those princes.

It is also noted in this book that Egyptian Monuments give no evidence of the infamous Exodus. Therefore it should be questioned where did an Egyptian bondservant as she was called in Genesis 16:1 who was Abraham's wife get the name Hagar from, which is not an Egyptian name! It is time that we begin searching for the answers to these questions and stop accepting anything which we have been told by the worlds so called religions. It is time to ask

questions and stop believing what you have been traditionally taught about the origins of man and religion as you know it. The roots of all civilization are in Egypt. TC

WORDS Of GERALD MASSEY ABOUT MEDICINE

Known writers like **Gerald Massey** have spoken so much of the missing black history that we never knew existed, this expert was taken from **'100 amazing facts about the Negro, with complete proof** and he goes on to say: Imhotep, "the child-christ remained a starrily bejeweled blackamoor as the typical healer in Rome. Jesus the Divine healer, does not retain the black complexion of lu-em-hotep (Imhotep) in the canonical gospels, but he does in the church of Rome when represented as a little black bambino.

A jeweled image of the child-christ as a black moor is sacredly preserved at the headquarters of the Franciscan order and true to its typical character as a symbolical likeness of Jusa, the healer, the little black figure is taken out in state with its regalia on to visit the sick and demonstrate the supposed healing power of this Egyptian, esculapius, thus christianized. The virgin mother who was also black survived in Italy as in Egypt. At Oropa near Biella, the Madonna and her child-Christ are not white, but black as they so often were in Italy of old and as the child is yet conditioned in the little black Jesus of the eternal city. Surely the profoundest sigh of an ever-warring world went up to heaven in the cult of lu-em-hotep (Imhotep) who was worshipped as the giver of rest, the kamite prince of peace." (ancient Egypt: the light of the world, vol. II, p. 764, London, 1907.). The statuettes of Imhotep can be seen in the Cairo Museum which show his Negroid features. They are reproduced in G. Daressy's, Catalogue General des Antiquities Egyptiennes du Musee du Caire, Plate IV, 38,045 to 38,050, and Plate V.

What is the difference between Egyptian statues and Christian statues?

Figure .1 Isis breast feeding her son Horus

Monotheist says that Egyptians are pantheons, which is what one might call an idol worshiper (Figure 1). But if you really think about it the Christians share many of these same beliefs. In the United States of America the dog is considered man's best friend, almost all Americans have dogs as a family member. The ram is used in witchcraft and Satanism, which is the fastest growing religions in America and Europe. The cat is also a house pet in the United States of America. The cow is worshipped in India. The Lion is Israel and Ethiopia's symbol. The spider is respected in Islam. And the dog is called the jinn a form of the devil. So by this you see, you all worshiped our ancestors in one way or the other, yet we are called pagans, by the same religious groups or sects who have cat's and dogs in their homes, and draw

all kinds of horses and carved statue of naked people as apart of art. Then turn right around and say that, the worship of animals is **Paganistic** and this definitely shows a contradiction towards societies admitting that the Egyptians are responsible for the civilization of the world. Christianity has brought over it's idols and animal symbolism and images. It can be found all throughout the Christian churches. The dove for example, descending on Jesus, a man, god hanging on a cross, stained glass of their supernatural being ascending and descending. The Pope wears

the cross; a symbol of Jesus Christ around his neck, millions of Christians bowing to the Black Madonna (Figure 2), a misconceptions of what angels really look like by portraying humans with wings, saints, doves, a representation of fish, peacocks all in the house of God.

Muslims have the holy spider which saved **Muhammad's** life, and the camel that marked the mosque in the

Figure .2 The black Madonna that is being worshipped world wide

Muslim holy city of **Medina**, and a holy donkey which **Muhammad** rode to heaven. And somehow they are tricked into not realizing that in **Exodus 28:4 states and I quote:** "Thou shall not make unto me any graven image unto thee or likeness anything that is in heaven above or that is to the earth beneath or that is in the water under the earth" or look at your bible **Leviticus 26:1**, that the laws of their god does not apply to them. The Christians symbol or phrase is "drop your nets and become fishers of men".

Likewise in the synoptic writings or the apostle Jesus who was called a fisherman who walked on water. In **John 21:13** the Messiah is called the Dag "**The Fish**" **Dag-On=Dag+on (Dag=Fish On=Sun)** , in that which is the collection of ancient Rab-

bonic writings, constituting the basic for the Orthodox Mose-sism, and he tied into the sign of the fish: the sign of Shimmah "Pisces" (Figure 3).

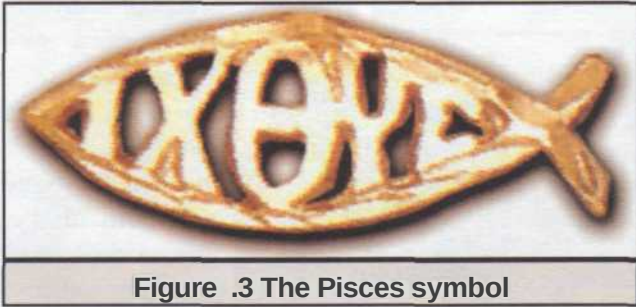

Figure .3 The Pisces symbol

The deity Oannes walking on water is the Babylonian deity Dagon and the pope's attire with the **Mitre "headdress"** (figure 4) in the likeness of a fish. How is it possible for you to read your bible daily, saying that you believe in it as the infallible work of God, and when **God commands** you, you undermine him with the architecture of your churches and the symbol in your churches, by money hungry preachers, to the point where they are wearing idols around their neck, Jesus on the cross.

Saint Anthony's cross is also a depiction of Christian idol worship. The shape itself is thought by some to have derived from the symbol of the Sumerian god Tammuz, or the letter Tau (Figure 5 & 6).

Figure 5 & 6 Notice the resemblance of the two symbols

This later became the very prominent symbol not only in Christianity but in the ancient writings of the Tama-Reans (Egyptians) and other ancient people. The use of the upright cross and the worship of a trinity can be traced back to the Babylonian empire. Narrow minded Christians try to make you think that the Latin cross was the first cross to be used in history. This is quite contrary, the cross known as the Tau was widely used in Egypt. The crucifixion as a method of death was used in ancient times as a punishment for flagrant crimes in Egypt, then Assyria, Persia, Palestine Carthage, Greece, and lastly Rome.

Thus the Tau cross, with the cross piece lowered was adopted as the cross of Christ. This same Tau cross was later changed to the letter X the Cruz Immissa which is called St. Andrew's cross, was a two beam cross usually depicted as the kind of cross Yashua (Jesus) was crucified on and becomes X-Mass for Christmas the birth of Christ. The Christian based their belief on the baptism, the immersing into water. They say that Baptism is for the remission of sin (Luke 3:3) but this Baptism was not for remission, but for the anointment of Jesus. Baptism is a ceremony, trial or experience by which one is initiated, purified or given a name. Isn't this a form of worship of water, to dip immerse in water or sprinkle as in "holy water", on a person to cleanse or purify. According to Judaic law, immersion frees oneself from **uncleanliness**.

This uncleanliness is not mud filth which water can remove. Instead it is spiritual and depends on the intentions of the heart. Therefore, these Judaic scholars state that: "If a man immerses himself without special intention, it is as though he has not immersed himself at all." The Easter egg (figure 7) is one of the best known symbols which has symbolized renewed life since ancient times, because all living creatures begin life in the egg.

Egyptians continue to color eggs and eat them during their celebration. The egg is the primordial egg that Ra whose proper name is Re was born out of. If you learn science of the primordial egg this is (where the Tam-Hu (Europeans) get the Ra, or the Re which symbolize the sun.) This is where the Christians get their concept of the goose who laid the golden egg.

The golden egg is the sun and the goose was supposed to represent the primordial mother of all nature and that is why when you study each one of the Egyptian deities, read their names, **Geb** is the guardian of the earth, the soil that grows vegetation on this planet, is also represented by the goose.

Hapi, the deity with the male body with breast and female hips, is the key of hermaphrodites. The Hermaphrodite which is the fertility people which also came down in the temple of **Edfu**, located in Thebes where **Asaru** (**Usir**, **Osiris**) said “ / am the male and the female”. He was talking about power of the deity called **Hopi** or **Hapi**. If you look it up you would see these things. However, these people all relay it back to coming out of the primordial seed, out of the water. **That’s** why they say chaos is in the woman. There is no egg in Christianity. There is no egg in Judaism and there is no egg births in Islam. The only place where there is an egg birth recorded is in the **Egyptian** book of the dead. When they say that **Ra** came out of an egg and then the concept of a stork delivering the baby is the same story that the Christians stole from the **Egyptians**.

In Christianity the dove is used to represent Jesus at the age of 33 being resurrected from the dead or what was a dead state. The dove is the holy ghost. As you may have seen magicians use doves because, if you take a dove in your bosom or anywhere out of the light for a moment it goes into a coma state. The voice was behind the dove and Jesus was laying in a dead state and woke back to life. This again is an ancient Egyptian ritual that was borrowed from the deity **Asaru** (**Usir**, **Osiris**) when he was dead. The deity **Tehuti** (**Thoth**) a **Messa**, Egyptian **messiah** with his power, gave **Aset** (**Isis**) the seed to bring **Haru** (**Horus**) to life. Like Jesus the **messiah**, did to Lazarus in the bible **John 11:43** where it states: **and thus when Jesus had spoken he cried with a loud voice Lazarus come forth, and he that was dead came forth.**

The fact is that humans have associated themselves with animals since the beginning of time and still do. Just take a look at some of these quite common sayings that people often use “*Sly as a Fox*” “*Quiet as a mouse*” “*Fat as a Pig*” “*Slimy as a Snake*”, “*Busy as a Bee*” “*strong as a Ox*” “*Stubborn as a Mule*” “*Blind as a Bat*” “*Slow as a Turtle*” and many more. Christian fteachers have these cruel tendencies to intentionally mislead people by creating double standards and even fabricating new meanings to words that can be found, but they make the statement if you want to hide something then put it in a book.

Egyptians are the furthest from being **uncivilized**, in fact we were the original gods and the **civilizers** of the world. The originators of the unadulterated Christianity not **Paulism**, which is taught today as Christianity. The Greek historian **Herodotus** said it himself, and I quote: “*Almost all of the names of gods came into Greece from ancient Egypt.*” When the Greek established their civilization they just took the already existing deities in Egypt and their stories and changed the names just like in the bible stories did. All of your Bibles and Koranic stories were copied from ancient Egyptian but they won't tell you this.

The Masonic order George Washington belonged to was also Egyptian based. The wig that George Washington wore is indeed the likeness of the **Namuz** (Figure 8).

The Egyptian head dress which represents the lion's (figure 9) mane as seen in the Masonic order. The symbol of the Sphinx. The combination of the **pharaoh** and the lion. The

statue of liberty in the image of a woman when **Exodus** said “*take or make unto thee no image for anything.*” According to **Exodus 20: 4** cameras, videos, movies and any other machine that can duplicate an image is forbidden and Christians all over the world are in violation of the law of their God. Does that means the whole world are heathens?

And what about the British, who keep very large family pictures along the walls of their homes, are they heathens? And what about all of the presidents pictures lining the walls of the White House are they heathens also. They would like you to believe that the Ancient Egyptians were pagans, and heathens for idolizing their ancient ancestors, when in fact each one of these religions and their many sects pray to more than one god, by idolizing hundreds of saints in Christianity. The fact of the matter is that the ancient Egyptians were not at all idol worshippers. The Egyptians gave reference to their ancestors, and sought

out their inner divinity which gave them the power to believe they are gods all in all. ✎

ANCIENT EGYPT

Israelites left Egipt, they passed through an area called *Sin* in the *Sinai peninsula*, on down to a place called the **Serabid Al Khadim**, where the temple of **Hagar**, who is symbolic of **Hat-Hor** stood, and was called the '**Temple of Dendera**' which was the root of the astrological charting in Egipt. The ceiling was decorated in the Egiptian astrological chart. The Temple of Dendera, whose ancient name is *Tentyra*, from the word *Tamara* meaning '**Land of Ra**' is located in *Dendera* which is north of *Karnak* also north of *Luxor* in *Nubia*.

The temple of Arabia called the **Ka'aba** today was also a temple to the Egiptian deity **Aset (Isis, Auset)** or **Uzza**, known in the **Koran 23:19** as a female deity worshipped by the Arabian tribe of the **Ghatfaan**. The

Ka'aba was a temple originally of the Egiptian deity, just as a temple of **Hathor** was erected in the *Sinai peninsula* by the philistine **Hyksos** dynasty of **Gerar**, where the family of **Abimelek** resided. There, they built a temple to **Hat-Hor** in the local area called **Serabid Al Khadim**. This is where **Thutmose** received the **613 commandments** or laws. While **Thutmose** was in the Temple of **Hathor**, he received the tablets being carved by the **Etshah (fingers)** of the **Eloheem** in **Exodus 31:18**, a group of deities that the Egiptians referred to as the **Neteru**.

The children of Israel built a golden **Massaykaw** meaning 'calf' symbolic of the Egiptian deity **Hat-Hor**, who is also called **Athyr**. She was also the deity of love and beauty; Music and dance for this

Throughout all major monotheistic religions of today the cow, or calf is found as a sacred deity or symbol of fertility, protection, love and beauty. Of all religions, perhaps the most famous religion known for the worship of the '**sacred calf**, that is still being practiced today throughout the world is **Hinduism**. India has more cattle than any other country in the world. As a central part of India's agrarian economy, cattle haul carts, plow fields, and produce milk for dairy products are considered sacred by Hindus. The Hindus keep their cattle protected from slaughter and are often allowed to roam free. Contraire to what most people think the practice of worshipping the sacred calf did not originate in India but rather in Ancient Egipt. The deity **Hat-Hor** was represented by the calf in ancient Egipt. The name '**Hat-Hor**' or '**Hathor**' which is '**Hat**' meaning '**house**', and **Hor** meaning '**ofHorus**', is symbolic of the golden calf

that the Israelites built in **Exodus 32:4**. **Hathor**, the highest of all the female Egiptian deities, and the wife of **Horus**, the falcon headed sky deity, - son of **Usir** and **Aset**. **Hat-Hor**, is also symbolic of the name **Hagar** meaning '**rock**', who was Abraham's Egiptian wife as mentioned in **Genesis 16:3**. In the ancient Sumerian city called *Ur* (which is thought to be the birth place of Abraham) royal artifacts that pre-date the Bible, were found in that burial site, beneath all the rumble and dirt laid a golden calf. Once again, it was taken from Ancient Egipt by the ancient Sumerians and grafted into the Babylonian culture.

In the Bible when Moses (another Egiptian deity falsified in the bible whose original name is **Thutmose**), and the Egiptian-

reason, she was identified often with the Greek goddess **Aphrodite** and also **Io**. **Io**, in Greek mythology, daughter of the river god **Inachus**. She was loved by the god **Zeus**, who changed her into a white heifer (**Young Cow**) to protect her from the jealousy of his wife, **Hera**. Suspecting that the animal was really **Zeus's** mistress, **Hera** asked for the heifer as a gift and set the 100-eyed monster **Argus** to guard it. Because the monster never slept with all his eyes shut, **Io** was unable to escape until **Zeus** sent his son, the messenger god **Tehuti (Thoth)** in Egypt **Hermes**, to rescue her. **Hermes** managed to kill the monster after he had put **Argus's** 100 eyes to sleep with a series of boring stories. **Hera** was still angry, however, and next sent a gadfly to torment **Io**, who wandered over the earth in misery. **Io** finally swam across the sea that was later named for her (the **Ionian Sea**) and at last reached Egypt. There she was restored to her original physical form.

It is the longest chapter in the whole of the Koran, but Muslims will swear up and down saying they're not idol worshipers.
